BEST STEAKHOUSE COMEBACK

MB STEAK

Food is a family affair for David and Michael Morton, the sons of legendary restaurateur Arnie Morton, creator of Morton's Steakhouse. David is the founder of DMK Restaurant Group, which operates more than a dozen casual concepts in Illinois. Michael was the creator of hospitality company N9NE Group, which ran bars and restaurants all over the country, including N9NE Steakhouse in Palms Casino Resort. After taking a break from the meat biz for a few years (he also has La Comida Downtown, La Cave at Wynn Las Vegas and Crush at MGM Grand), Michael has linked up with David at MB (My Brothers) Steak inside Hard Rock Hotel & Casino. Grab a table in the dining room or a stool at either the downstairs or upstairs bar, order a cold brew coffee martini and a chopped salad and make some new memories at this must-visit spot destined to become a legend in its own right. *Inside Hard Rock Hotel & Casino, mbsteakn.com*
